DAC SPIRES GALLERY

Our retail art exhibition space, along with the Rivers Gallery, presents a new show every month. The Spires Gallery exhibits diverse and unique treasures created by local artists. In this gallery, we visually blend all our members' work — offering our patrons the best selection of art in the region.

LEFT/RIGHT LOFT GALLERIES

The most unique space in the DAC — where each member curates their own display area. If you appreciate the individualized touch, this may be your favorite spot. In the Lofts, our visitors will find conveniently proportioned art; hand-picked by the artist and proportionally priced as well.

DAC RIVERS GALLERY

The Rivers Gallery is the primary gallery where expos are showcased.
